## GENERAL NEWS

It is the opinion of Carbondale persons, as reflected by the Herald, that the Scranton Traction company has already made satisfactory terms for the purchase of the Carbondale electric streetrailway, J. P. Illsler and Charles Ciark of Philadelphia, who accompanied General Manager Archer on last week's tour of inspection, were favorably impressed with the Carbondale property, and an authoritative aunouncement of the transfer may be expeeted soon. The Wilkes Barre line's turn will then come next.

The constitutionality of the semimonthly pay law will be tested in the supreme court at the May term if the arrangements made between Factory Inspector Watchorn and the United Collieries company and R. B. Wigton & Sons are adhered to, an agreement having been entered into that a case stated shall be filed in the court of common pleas of Clearfield and Indiana counties and an appeal taken to the supreme court to the end that the question of the constitutionality of the law shall be settled. The factory in-spector says he will take up no more cases from any quarter until the test

A meeting of a number of the ticket agents and traveling agents of the pasdepartment of the Lehigh Valley Railroad company was held Friday at the office of Gen ral Passonger Agent Charles S. Lee in Phila-There were present representatives from all points along the line as well as the outside agents in Chicago and similar cities. The meeting was a kind of love feast and it was made to bring the various men of the passenger department of the Lehigh Valley Railroad company together. W. L. Pryor, the company's energetic Scranton representative, was among those present.

An agreement is reported to have been reached botween the Vanderblits and President Olyphant, of the Delaware and Hudson, whereby the former will support President Olyphaut's prop osition to issue new stock at par and maintain him in the management of the property.

The refusal of the governor to appoint Thomas Maguire mine inspector leaves the Pottsville district without such an official, Magnire failed to reach 90 per cent, average in his examination, but was still recommended by the examiners for the place. His friends claim that some of the present inspectors did not have an average of 100 per cent. The matter has become an important issue in that section. There is no one in the district empowered to investigate any mine accident

### AMONG Our Neighbors.

An instance in which the new remedy for opium poisoning, permanganate of potesh, was administered with satisfactory effects, is related as follows by the Wilkes-Barre Record: "On Sunday last the five and a half year old daughter of Robert Platt, of Luzerne borough, swallowed five and onr-half ounces of cough medicine contathing a preparation of opinm. Dr. D. W. Cole was called and found the patient in a dying condition, the respiratory movements limited to two a Leaux, fally & Co. will build at Park minute. The remedy was injected under the skin. The third injection date aggregated 7.383 257, or 2.004.70 tons increased the action of the heart and less than for the corresponding period of respiratory movements, and within an hour and a haif the patient called for a drink of water and is now fully recovered." Dr. Smythe, of Wilkes-Barre, once tried the same remedy in the case of an overdose of morphine. The patient soon recovered.

> Somebody has played a practical joke on the commissioners of Carbon county. The other day a 2000-pound ball, from a Cincinnati bell foundry, was set down at Mauch Chunk, with the statement that it was intended for the new court house. Inasmuch as the court house stready has a satisfactory bell and doesn't need another, the new comer A reporter of the Wilkes-Barre Rec-

ord has succeeded in running down to its modicum of facts new romance of the mines. Its hero is an Austrian count, the Count George Szirmiz. He was the eldest son of a celebrated Aus trian nobleman who, however, succoeded in squandering a \$1,000,000 estate before young George reached maturity. As soon as the son became of age he entered the army and rose eventtually to the rank of captain of mounted artillery. Military life, however, proved ansuitable and after his tarm of service had expired Szirmiz cam to America. His experience in t is country has been varied. He has vorked at menial service as day and er, has taught French, German and Italian, has picked slate in a breaker and 'driven the feative mine mule; and, in fact, has done pretty much everything that a well conducted count would not, in the old aristocratic regime, have been expected to do. An accident received while employed in the Baltimore breaker has disabled Count Szirmiz and he is again earning a livlihood by giving instruction in languages.

BURDOCK BLOOD BITTERS BERVILLE, Mich., April 12, 1889.

MESSRS. FOSTER MILEURN & Co. Dear Sire: - I write that you may know the good I have received from the BURDOCK BLOOD BITTERS. I am now on the minth bottle of your wonderful Bitters, and must confess I have received prompt cure of a long standing disease-SCROFULA. I have used dellar after dollars' worth of medicines and received no relief, but the third bottle of B. B. B. I found great rest. I have also used three bottles of BURDOCK PILLS; they are the best medicine I ever took. 1 cannot praise them too highly. I do owe my whole life to them and can recom mend them to every living soul that is afflicted with that dreadful disease, SCROF-ULA. I was afflicted with lumps as large as an egg in my right side and large lumps on my throat, and my timbs were covered with a burning and itching rash which very greatly annoyed me when near the warm stove. I had spent a great deal of money trying to get relief, and consulted the best medical treatment in the State, but all in vain, they did me no good whatever, and I had about given up when I thought I would try your medicines, and, thank God, they have cured me Your ever true friend and well wisher, I am a well woman to-day. MRS. CHAS. HUTTON, C Berville, St. Clair Co., Michigan.
